Summary

I am currently a second-year B.Tech student with a focus on Artificial Intelligence and Machine Learning. My studies have provided me with a strong foundation in fundamental concepts such as python; Dsa; AI & ML. I am actively engaged in expanding my knowledge through coursework, projects, and hands-on experience with tools and frameworks.

I am passionate about applying AI and ML to real-world problems and I am eager to connect with professionals and peers in the field to learn more, collaborate on projects, and explore potential opportunities for growth.

Feel free to connect if you share similar interests or if you have insights and opportunities related to AI and ML!

Experience

Education

St. Mary's womens engineering college

Bachelor of Technology - BTech, AI and ML, September 2023 - June 2027

I am a good listener and learner, able to communicate well with a group and on an individual level. I am able to motivate and direct my talents and skills to meet objectives. I always seek to achieve

a high standard in whatever work I undertake. I am well organised with a clear and positive approach to problem solving.
